BIO BREADNESS

A PANDRIKS COMPANY

The best in Bake Off

In our 100% natural & organic bakeries, we produce the best sourdough bread with our unique, innovative and efficient production process. Our mission? We want our customers and consumers to enjoy the best bake off sourdough bread, produced according to traditional methods with the most modern technology in the most sustainable way.

Our bakers and product developers work closely with customers, suppliers and are up to date with the latest trends to surprise customers with great products! Innovation is at the heart of Pandriks' ambition to grow sustainably. This results in a distinctive proposition in bake off products using only the best 100% natural ingredients. In this brochure we'll give you an overview of our bake off assortment Bloomers, Baguettes, Rolls and Specialities – both conventional and organic.

90 grams | 70 pieces p/b
🔥 6 min. / 200 °C

The unique process of Pandriks & Bio Breadness

Pandriks rethought today's standards in bread making and developed a unique process where the dough, made with 100% natural ingredients, is left to rise for an average of 24 hours, after which it is baked on natural stone. This unique approach draws inspiration from past baking traditions and combines it with the latest state-of-the-art technology.

This results in a unique concept offering pure and honest bread of the highest quality, made with 100% natural ingredients, without artificial additives and baked in a stone oven to lock in the moisture and for a thin crispy crust.

At Bio Breadness in Fulda we not only produce our high-quality bake off products in EU organic quality, but we also have products in Demeter quality: the quality mark for biodynamic agriculture and food.

Bloomers

Various types of Bloomers, prepared with sourdough, all have an unique and artisan look. Available from 500 grams up to 1200 grams with all different recipes, our assortment of Bloomers meets all wishes.
